67*

Residential units

34

Deeded parking spaces

1970

Reported year built

Reported figures are unverified. *Confirm the 66-parcel / 67-unit discrepancy against the declaration.

MY RECOMMENDATION

Start with a clear valuation.

An offer is the starting point. I will prepare a **complimentary Broker Opinion of Value** using income, expenses, condition, and market evidence. Then we can compare it with the offer.

No listing agreement is required. You are not obligated to sell.

Prepared for the association's board. For discussion only; not an appraisal or commitment to sell. Timing depends on record availability, strategy, buyer diligence, and approvals. Consult your legal, tax, and lending advisors.

01 / THE INFORMATION

What I need to get started.

Send what you have. Approximate dates are fine; we can fill in gaps together.

01 Expenses

2025 operating expenses and, ideally, January 1-September 1, 2026 expenses.

02 Capital improvements

Work completed in the last five years and anything planned or needed, with costs if available.

03 Building ages

Approximate ages of the roof, elevator, masonry, windows, and boiler.

04 Maintenance

Any sprinkler updates needed and when the driveway was last paved.

05 Current rents

Unit numbers and monthly rents from owners willing to share. No tenant names needed.

WHAT YOU WILL RECEIVE

A complimentary written valuation and comparison with the offer. No listing agreement or obligation to sell.

02 / YOUR OPTIONS

Five paths forward.

Compare the tradeoffs. Choose what fits the owners' priorities.

A**Negotiate the existing offer**

Continue with the identified buyer. **Tradeoff:** The price has not been tested competitively.

Approval: Full-building sale approval.*

B**Confidential targeted outreach**

Approach selected buyers with confidential financials. **Tradeoff:** Fewer buyers may limit competition.

Approval: Full-building sale approval.*

C**Broad marketed campaign**

Seek wider competition with a public summary and protected financials. **Tradeoff:** Greater exposure and coordination.

Approval: Full-building sale approval.*

D**Voluntary group sale**

Willing owners sell together; sellers agree on exposure. **Tradeoff:** Price depends on the units included.

Approval: Participating owners; counsel reviews restrictions.

E**Retain ownership**

Continue ownership and rental income; no sale marketing. **Tradeoff:** Ongoing expenses and capital needs.

Approval: No sale approval; funding decisions remain.

*Counsel must confirm the applicable owner approval. See page 4.

03 / THE PROCESS

01 Gather

Expenses, rents, capital improvements, and building details.

03 Choose

Agree on scope, representation, fees, and outreach.

02 Review

Compare the offer with value, assumptions, and capital needs.

04 Evaluate

Review price and terms. Counsel guides approvals and sale.

04 / COMMISSION

1.25%

of the final sale price

My proposed fee, payable to my brokerage at closing. All brokerage compensation is negotiable and subject to written agreement.

Buyer-broker compensation is additional. Buyer brokers should state their requested compensation separately in the offer. The board can negotiate it with the other terms. Any seller-paid buyer-broker fee requires written agreement.

Other closing costs are separate. Transfer taxes follow governing rates and transaction terms; title and legal fees require quotes. A title company may offer reduced pricing for a coordinated multi-unit transaction. No closing-cost estimate is included.

FOR THE BOARD

Approval and owner rights

Chicago requires at least **85% approval** for a full-building sale unless the declaration or bylaws require more. Counsel must confirm voting interests, procedures, and owner protections. Resolve the **66-parcel / 67-unit discrepancy** before calculating votes or allocating proceeds. A qualifying sale can bind dissenting owners; counsel should explain objection deadlines and applicable appraisal, debt, and relocation protections. [Chicago Municipal Code 13-72-085](#).

Condominium financing changes

Fannie Mae's standards apply to covered loans. A lender must assess this building's eligibility.

- **March 18, 2026:** The 50% investment-property concentration limit was removed for established projects using Full Review on investor loans.
- **July 1, 2026:** Covered applications must meet a \$50,000 maximum per-unit master-policy deductible for required perils.
- **August 3, 2026:** Limited Review is retired for applications from this date. Reserve-study flexibility requires the highest recommended allocation; baseline funding is not accepted.
- **January 4, 2027:** Full Review's standard replacement-reserve allocation rises from 10% to 15%. A qualifying reserve study may support an alternative.

[Fannie Mae LL-2026-03](#) · Reviewed September 21, 2026. Confirm applicable current requirements with the lender.

Reported figures remain unverified. Prior board materials report \$85,000 in reserves, eight owner-occupied units, and \$270-\$350 monthly assessments; confirm with management. They cite 2025 cash studio sales (MRED/MLS): unit 503 at \$142,000; unit 204 at \$145,000. Individual unit sales do not establish building value.
