

LINCOLN PARK / CHICAGO

2629 North Hampden Court

Property photo: Zillow

Know the value. Then decide.

Start with a complimentary valuation. Understand the building's value, then choose the sale strategy that fits the owners' priorities.

67*
Reported units

34
Deeded parking spaces

1970
Reported year built

Reported figures are unverified. *Confirm the 66-parcel / 67-unit discrepancy against the declaration.

YOUR OPTIONS

Two ways to move forward.

Sell the full building, or package the units of willing owners.

01 Sell the full building

Market the entire property as one transaction, using one of two approaches.

TWO MARKETING APPROACHES

Full public marketing

List the property publicly, market it broadly, respond to inquiries, and arrange building showings.

ADVANTAGE

Wider exposure and buyer competition.

TRADEOFF

More public exposure and showing activity.

Confidential targeted outreach

Approach selected brokers, buyers, and institutions. Require every participant to sign an NDA/confidentiality agreement before receiving confidential materials. Arrange showings only after confirming serious interest and the buyer's ability to proceed.

ADVANTAGE

A quieter process with controlled access.

TRADEOFF

A smaller buyer pool may limit competition.

02 Voluntary group sale

Package only the units of owners who choose to sell together and market them as one offering. Participation is voluntary; pricing depends on the units included.

Marketing: Participating sellers agree on public or targeted outreach.

Approval: A full-building sale requires applicable owner approval. A group sale involves participating owners, with counsel reviewing restrictions.

THE VALUATION

A clear place to start.

Send what you have. Approximate dates are fine; we can fill in gaps together.

The building, in context.

Start with the valuation.

I will prepare a Broker Opinion of Value to help the board assess the building's value and sale options.

No listing agreement.

No obligation to sell.

01 Expenses

2025 operating expenses and, ideally, Jan 1-Sept 1, 2026 expenses.

02 Capital improvements

Work completed in the last five years and anything planned or needed, with costs if available.

03 Building ages

Approximate ages of the roof, elevator, masonry, windows, and boiler.

04 Maintenance

Any sprinkler updates needed and when the driveway was last paved.

05 Current rents

Unit numbers and monthly rents from owners willing to share. No tenant names needed.

WHAT YOU WILL RECEIVE

A supported value range to guide the sale strategy, informed by market evidence and capital needs.

REPRESENTATION

Clear terms. A measured process.

PROPOSED COMMISSION

1.25%
of the final sale price

Payable to my brokerage at closing. All brokerage compensation is negotiable and subject to written agreement.

Buyer-broker compensation

Additional to my fee. Buyer brokers should state their requested compensation separately in the offer. The board can negotiate it with the other terms. Any seller-paid fee requires written agreement.

Other closing costs

Separate from commission. Transfer taxes follow governing rates and transaction terms; title and legal fees require quotes. A title company may offer reduced pricing for a coordinated multi-unit transaction.

Before the board decides.

Approval & ownership

Chicago requires at least 85% approval for a full-building sale unless the governing documents require more. Counsel must confirm voting interests, procedures, and owner protections, including the rights of dissenting owners.

Resolve the 66-parcel / 67-unit discrepancy before calculating votes or allocating proceeds.

Financing & verification

A lender must assess this building's eligibility under applicable condominium lending standards. Fannie Mae issued changes in 2026 affecting project review, reserves, and insurance.

Building figures remain unverified. Individual unit sales do not establish the value of the entire building.

Chicago Code 13-72-085 / Fannie Mae LL-2026-03 / Full background online
